VOL. IX. NO. 210. CHARLEROI, WASHINGTON CO., PA., FRIDAY, APRIL 16, 1909. One Cent.

MAY 14TH IS THE DATE

Meeting of High School Representatives Held Yesterday.

EVENTS DECIDED UPON

Representatives of three High Schools, Charleroi, Monessen and Monongahela, met yesterday afternoon in the Charleroi Ninth street building to complete as far as possible arrangements for the annual spring field meet, Monongahela, whom it was thought would draw out on account of some dissatisfaction, will be in the meet this year, and from the present indications it is thought will send a large crowd. Those present from the different towns were Monessen, Prof. Cummings; Monongahela, Profs. Gaut and Maxwell; and Charlerois, Prof. Simth and Huston.

The date was set for Friday, May 14, as it is thought that the merchants can better attend on this date. The place will be Cook's track, near Belle Vernon, as arranged for by Prof. Smith of Charleroi. The time of starting the events will be 1 o'clock. A referee will be secured from the University of Pittsburg and the other officials from nearby towns. It is planned to make the meet this year surpass that of last year by far.

The events were decided upon as follows: 100 yard dash, 50 yard dash, 220 yard dash, one half mile run, one-half mile relay, 120 yard hurdle, standing broad jump, running broad jump, high jump, pole vault, shot put, 440 yard run.

The number of contestants in any one event will be limited to four. The prizes this year will doubtless be offered by the merchants of the different towns. The stores and business houses will be canvassed in the meantime to get a list. As already planned there will be a first, second third and fourth prize offered.

The Charleroi boys are minus many of their best track men this year, but nevertheless expect to make a good showing. They are training faithfully, and by the time of the meet hope to have their team in good shape.

THE LILIPUTIANS CANTATA

Will be Presented by Local Schools at School Hall on Two Nights.

The unique and novel entertainment of the season, by our children will be given in Shool Hall next Thursday and Friday. This presentation bids fair to be one of the best ever given of this cantata. The natural ability of our youngsters is clearly shown, and those who do not see them will have much to regret. Remember, the proceeds go to the children's picnic on May 26. The children are selling tickets. Reserved seats 35 cents. Admisison, with no seat reserved 25 cents. Matinee, Thursday at 2 p. m., 10 cents.

The trainer has not arrived yet, but will be here on Monday with all costumes, scenery, etc. Everbyody get ready to boost the Liliputians.

Pistol Duel With Burglar.

Night Policeman Lyons of McDonald discovered a burglar breaking into a shoe store in that town last night, and opened fire on him. The burglar returned the fire, and a pistol duel was fought in the darkness. None of the shots took effect and the burglar escaped.

TO GIVE SIXTY DAYS NOTICE

1906 Taxes Must be Paid In Limited Time by Delinquents.

COUNCIL AND BOARD MEET

The council and school board at their joint meeting last night went on record in taking action to collect all back 1906 taxes within 60 days. The two bodies have been going over the list of exonerations prepared by the tax collector, and there are a number of persons who have not paid for 1906 and it is these that the borough and the school board desire to get. It is likely that if persons who receive notice do not pay in the given time the claims will be collected by law.

The clerk was notified to get in touch with the Underwritters Association to learn the cause of the delay in transmitting the insurance rates and recommend actions for changes in Charleroi in order to get the penalty reduced, so that the compromise can be fixed up with the Water company.

The council and school board went through the remainder of the 1906 lists and part of the 1907 lists last night.

MONONGAHELA MAN INJURED

Caught and Crushed Between Engine Tender and Heavy Car.

Grant Harlow a well known man of Monongahela was seriaously injured last evening at about 7:30 o'clock at Howard Station near Homestead. Harlow is a flagman on a Conway train and at Howard station and had occasion to make a coupling of cars with the engine. He was completing the work, when another train backed up and striking the first section, jammed it together.

Harlow, who was between the cars and the engine, was crushed between them. He was rescued from his dangerous position, and a physician called. He was found to have four ribs broken and was badly crushed about the abdomen. He was taken to his home in Monongahela on the 8:44 train. It is thought he is internally injured, but the probable results cannot be learned.

Throws Open New Home

The Young Women's Christian Association of Washington opened their new home yesterday. The 10 room house is equipped with a kitchen, dining room, reading room and bed rooms. A lunch room for women is also maintained. The association, which was but recently organized, has 740 members.

Was Not Interested.

Frederick Dickey, one of the tenants in the D. R. Duvalll building, wishes the Mail to state that he is not concerned in the injunction proceedings brought against H. H. Hill by D. R. Duvall, as stated in the Washington papers yesterday and copied in this paper.

Dogs are Live Stock.

At a recent meeting of the Waynesburg council an ordinance was introduced repealing the dog tax in the borough. It is proposed to treat dogs as live stock and require the owners to keep them at home.

MONESSEN MAN FOUND DEAD UNDER TREE AT NORTHERN PART OF TOWN

How He Came to His Death is a Mystery and Coroner Will Investigate---No Marks of Violence.

Ernest Avon, a well known Frenchman of Monessen, was this morning found dead under a tree at the lower end the town, not many feet from his home with a blood-stained handkerchief over his nostrils. The ghastly find was made by a street car motorman on an early car, at about 6:30 o'clock. The man was 55 years of age. The coroner has been notified and will investigate the case. It is hardly thought that he came to his death from foul play however, as $16 in money and his watch were found on his person, and there were no marks of violence or bruises on the body.

Living alone, the man's absence was not noticed, and no one knew of his death until this morning. Avon left the house of John Rosa, with whom he had been visiting, at 8:30 o'clock, on his way home last night, and seemed at the time to be in his usual health. The physicians who examined the body, although no autopsy has been held, do not seem to known the cause of death. It is stated that last Sunday the man was seen bleeding at the mouth.

Avon was one of the best known Frenchmen in the town. He owned considerable property and had no family.

COURT HANDS DOWN DECISION

Suit of Mellon National Bank vs. Peoples Bank Disposed Of.

An opinion, written by Judge Taylor, was handed down yesterday in the suit of the Mellon National Bank, of Pittsburg, against the People's Bank of California, in which the court overrules the motion of the defendant bank for judgment, notwithstanding the verdict of the jury, and directs judgment to be entered in favor of the plaintiff upon the verdict of the jury.

The action is on a stated account to recover a balance of $6[illegible]. It involves three cashiers' checks issued by O. F. Piper and payable to L. Burd, being the name W[illegible] frequently used in connection with the Peoples bank. The three checks were cashed at the Monongahela National bank, and sent through the Mellon National to the Peoples bank for collection.

It is likely that this case will be appealed.

REFUSE WAGE INCREASE

Pittsburg Railways Company Officials Ignore Union's Demand.

In a letter sent out to the men at Pittsburg, the Pittsburg Railways company refuses to comply with the demand for a wage increase of three and a half cents an hour and state that, through certain interviews given by former Mayor Guthrie, the employees have been misled to believe the company was making big money, while on the contrary its losses during the past two years have been heavy.

This statement was issued following a conference between President J. D. Callery and General Superintendent P. N. Jones, of the railways company, and a committee representing Division 8 of the Local Street Car Men's Union.

Already undercurrent rumors of strikes are heard and it is possible that the absolute refusal of the company to comply with any of the demands of the union may result in serious complications.

APPEAL FROM PAYING COSTS

Clerk of Quarter Sessions Court Will Take Testimony in Case.

In the case of the commonwealth vs, H. B. Jones, appeal from taxation of costs, the case was yesterday referred back to the clerk of the quarter sessions court to summon the parties before him and take testimony and tax the costs according to law, and from which taxation either party or both may then appeal to the court.

Jones lives in Bentleyville and was indicted for selling liquor illegally at the Sandy Plains fair. John Fowler, of Fredericktown, served the papers in the case and the total amount of costs taxed up is $49.54.

Will Give a Dance.

The Hebrew Ladies Society of the valley are planning for a dance to be given in the Bank of Charleroi hall next Wednesday evening. The committee is composed of Mrs. Joseph Lichter of Charleroi, Mrs. Sambert of Fayette City, and Mrs. Abrams of [illegible]

MOST VALUABLE MARATHON PRIZE

Douglas College Offers Scholarship as an Extra Incentive.

One of the most notable prizes donated to the Marathon committee for the big race to be held here Thursday April 29, is a scholarship by the Douglas College of Charleroi. This is for a complete course in the commercial and shorthand departments, and is valued at $65. It is the most valuable prize offered, and is well worth contesting for, were there no other incentives. The scholarship is transferable.

This well known educational institution which has had a most successful career, will end the present school year in June. The total enrollment during the year exceeded 150, and a large class, probably between 25 and 30, will graduate this year. In addition to the day courses in the commercial and shorthand departments, the college has maintained a most successful night school. For the past two years the borough school board, by special arrangement, has sent the students who desired to take a business course instead of the high school course to the Douglas College.

Prof. M. Adams is in charge of the school, and he has an efficient faculty composed of Prof. R. A. Smith, Miss Zella Franks and Miss Alice Neil.

LOSING SIDE ENTERTAINS

Athene Club Has Good Time as Result of Attendance Contest.

Miss Ethel Brown is entertaining the Athene Club at her home at Belle Vernon this afternoon as a result of an attendance contest instituted at the beginning of the club year last fall. The members were divided into two divisions one under the leadership of Mrs. J. Clive Enos, and the other side under the leadership of Miss Ethel Brown. More members in the latter's division were absent during the year, and the losing division is entertaining the club as a result.

LAKE SHIPMENTS BEGIN

Coal Shipments From Here Docked, Awaiting Opening of Navigation.

Although the lake trade has not yet opened, the Charleroi Coal works has been shipping coal for this traffic during the past three weeks. The company has one customer who ships to points at short distances on the lakes, and by an arrangement with the railroads at the docks a large quantity of coal is shipped for some time previous to the opening of navigation. The mine at the Charleroi Coal Works is running steadily, and the indications are good for a steady run all summer.

FOR MARIANNA RELIEF FUND

Citizens Committee of Philadelphia Sends Check for $1,000.

The Marianna Mine Relief committee of Washington yesterday received a contribution of $1,000 from the Citizens Permanent Relief committee of Philadelphia. This brings the total sum received for the relief of the Marianna sufferers up to $29,-[illegible].22.

MOTION IS OVERRULED

In Bank Suit Over Check, Motion for Judgment is Quashed.

FROM LACK OF DEFENSE

In the opinion handed down by the court yesterday, written by Judge Taylor, the court overrules the motion for judgement for want of a sufficient affidavit of defense in the suit of the Monongahela National Bank, of Brownsville, against the First National Bank of California.

The decision of the court allows the affidavit of defense to stand and the case will be tried out on its merits before a jury. The case was argued last week.

The action is to recover $5,000 paid out by the plaintiff bank to W. L. Lenhart upon a cashier's check issued by O. F. Piper of the Peoples bank of California. The Peoples bank in payment of the check gave a draft for the amount, but about the same time the defalcations of Piper were discovered, and the First National bank was asked to surrended the draft, which it did. The plaintiff bank claims that the First National was acting as their agent and had no right to accept anything but cash, or to surrender any payment that was made.

ORDER OF MOOSE TO BE INSTITUTED

Deputy Organizer E. J. Perry Will Have Charge of Ceremonies.

Tonight at Turner Hall a Charleroi Lodge of the Loyal Order of the Moose will be organized. There are 350 applicants, and it is thought that the lodge will soon become one of the strongest organizations in town. State Deputy Organizer W. J. Perry has been here for weeks getting things shaped for the organization.

Last night at Fayette City a lodge of the Moose was instituted, with 120 charter members. A lodge will be instituted at Leechburg on Saturday, which will be under the charge of Mr. Perry also.

The Moose order is one that is growing by leaps and bounds, and rapidly springing into prominence, although it is but a new lodge for the United States.

Met With Slight Accident.

Joseph Haube, the florist, is carrying his arm in a sling as the result of a fall from a step-ladder while decorating the Bank of Charleroi Hall for the dance of the Keystone club Wednesday night. Mr. Haube sustained a bad sprain which will cripple him for sometime.

Visits Pittsburg Schools.

Miss Harriet Jolliffe left this morning for Piittsburg where she will spend the day visiting the schools. Miss Jolliffe will remain over Sunday for a visit with her sister, Mrs. Conard.

May Give a Chorus.

Miss Ida Mae Heatley of Pittsburg is getting up a class of vocal students in Charleroi. It is likely that she will give a chorus either during the summer or sometime next fall.

ASK FOR CHARTER

Street Railway Line to be Built From Finleyville to Bentleyville.

IS OVER A GOOD ROUTE

A charter will be asked for a 14 mile trolley line projected from Finleyville to Bentleyville by the Finleyville Southern Street Railway company. The promoters are A. H. Anderson, Sid C. Wilson, F. M. Hayden, T. M. Hayden, J. E. Hayden and H. B. Hayden. The route is practically that of the old Pittsburg Southern Railroad which was graded in 1877 and never used.

Rights of way have been obtained through most of the territory. The road would bring Bentleyville ten miles nearer Pittsburg and give Washington trolley connection with that section of the county.

Bentleyville promises to become a center of trolley lines. It is stated charters have been taken out for roads to that place from Monongahela, Donora and Charleroi. These lines will probably be built within a comparatively short time. One of the Monongahela companies proposes to build a road by way of Bentleyville to Washington.

Three Good Reasons For Having a Check Account

First: It is the safest way to take care of your money—no danger of losing it or of being robbed, and there is not so much temptation to spend it.

Second: Paying by check saves many steps in the course of a year.

Third: A cancelled check is an indisputable receipt. Avail yourself of these advantages by op ning an account with the First National Bank, subject to your check.

The Human Element.

A notable gathering of coal and coke people is being held at Scottdale this week. It is composed of representatives of all the coal and coke interests owned and controlled by the United States Steel Corporation. These allied interests represented have a total of 120 mines with an aggregate capacity of 35,000,000 tons of coal per annum. They also own and control 27,000 coke ovens and 950 by-products ovens, and produce 45 per cent of all coke in the United States.

The gathering includes the superintendents, engineers, mine formen, fire bosses, master mechanics, rib bosses and other officials covering the mining and mechanical departments of the various companies at all their mines and plants. The object of the meeting is to listen to the reports of several of the officials who have spent a couple of months in the European coal fields to investigate the conditions of mining and manufacture there.

While the Frick coal and coke company has always led in the adoption of safety appliances, one of the principal objects of this investigation in the European coal fields is the conservation of human life. The appalling disasters which have occurred recently have stimulated all of the big operators to make a special study of safe-guarding the mines more effectually. In Europe they do many things better than we do in this country, and old country miners claim that more and better precautions for safety are observed there. The big operators are finding out that disasters are too expensive, not considering the human element, and it is to the credit of the most of them that the latter feature is the dominant one in changing mining conditions.

An Appropriate Prize.

One of the most appropriate prizes offered to the contestants of the big Marathon race to be held here April 29, is the scholarship in the Douglas College of Charleroi. Nothing is in better keeping with the spirit of the contest, which is held solely as a stimulus for clean and healthy athletics, such as are promoted in our schools and colleges. No cash prizes are offered, and outside of a nominal trophy the winner has nothing but honor for his merit.

The free scholarship, however, offers a double incentive. To derive the benefits from it the winner must put forth as much mental effort as he did physically to win. The chances are that he will do this. The contestant who is not actuated by sordid motives is made of the right stuff, and the one who wins the scholarship will no doubt put it to good account.

Electric Sparks.

They can call it the Monessen Hospital if they want to, but all the same it is in North Charleroi, and Charleroi has an undisputed interest in it.

If Congress decides that Ex-Presidents after their term of office will be given the office of Senator or Representative for life with full pay, there will be danger of an over rush of aspirants for office.

Now that Bryan has traveled much over the country lecturing, wonder if there are many more who will vote for him when he runs for President again, of course presuming from knowledge of the man that he will be "willing to take the risk."

Baseball is on in the National and American Leagues, but then that is nothing of course compared to the opening of the Pa. W. Va. League and the first game with Uniontown. By the way, wonder who we play first anyhow?

Lets see, what other President before Roosevelt was it that actually made enemies?

Can a man in a high position answer questions? With one exception, that is when you do not belong to the Standard Oil company.

With the multiplicity of prizes offered for the winners of the Charleroi Marathon, there ought to be one for each runner from the speediest down to the one who couldn't "beat it if the cops were chasing him."

WORTHY OF CONFIDENCE

An Offer Backed Up by One of the Most Reputable Concerns in Rochester.

We will either cure you of constipation or pay for all the medicine used during the trial. You pay us nothing if we fail. That's a mighty broad statement, and we mean every word of it. We will back it up with our own personal reputation, too. Could anything be more fair and secure for you?

The most scientific, common sense treatment is Rexall Orderlies. Their active principle is a very recent scientific discovery that is odorless, colorless and tasteless, very pronounced, gentle and pleasant in its action, and particularly agreeable in every way. This ingredient does not cause any diarrhoea, nausea, flatulence or griping. Rexall Orderlies are as pleasant to take as candy and are particularly good for children and delicate persons.

If you suffer from chronic or habitual constipation, or the associate or dependent chronic ailments, we urge you to try Rexall Orderlies at our risk. Remember, you can only get them at our store. Two sizes, 10c. and 25c. John W. Carroll, Charleroi, Pa.

PORTLAND, MAINE, CHILD

Ill, Weak and Emaciated, Restored to Health by Vinol

"Our little daughter, six years of age, after a severe attack of the measles, which developed into pneumonia, was left pitifully thin, weak and emaciated. She had no appetite, and her stomach was so weak it could not retain food. She lay in this condition for weeks, and nothing the doctor prescribed did a bit of good, and we were beginning to think she would never recover.

"At this time we commenced to give her Vinol, and the effect was marvelous. The doctor was amazed at her progress, and when we told him we were giving her Vinol, he replied, 'It is a fine remedy, keep it up.' We did so, and she recovered her health and strength months before the doctor thought she could." J. W. Flagg, Portland, Me.

Vinol cures conditions like this because in a natural manner it increases the appetite, tones up the digestive organs, makes rich, red blood, and strengthens every organ in the body.

HOME CURE FOR ECZEMA

Oil of Wintergreen, Thymol, Glycerine, Etc., Used as a Simple Wash

It really seems strange that so many people suffer year in and year out with eczema, when it is now no longer a secret that oil of wintergreen mixed with thymol, glycerine, etc., makes a wash that is bound to cure.

Old, obstinate cases, it is true, cannot be cured in a few days, but there is absolutely no sufferer from eczema who ever used this simple wash and did not find **immediately** that wonderfully soothing, calm, cool sensation that comes when the itch is taken away. Instantly upon applying a few drops of the wash the remedy takes effect, the itch is allayed. There is no need of experiment—the patient knows at once.

Instead of trying to compound the oil of wintergreen, thymol, glycerine, etc., in the right proportions ourselves we are using a prescription which is universally found the most effective. It is known as the D. D. D. Prescription, or Oil of Wintergreen Compound. It is made by the D. D. D. Co. of Chicago, and our long experience with this remedy has given us great confidence in its merits.

MAILED LETTERS.

Owned by the Sender Until Delivered to the Addressee.

Many persons are under the impression that a letter once mailed is no longer the property of the sender, but belongs to the person to whom it is addressed. This is an error. Under the postal regulations of the United States and the rulings of the highest courts in the land, a letter does not belong to the addressee until it is delivered to him.

The writer has a right to reclaim and regain possession of it provided he can prove to the satisfaction of the postmaster at the office from which it was sent that he was the writer of it.

Even after the letter has arrived at the office which is its destination and before it has been delivered to the addressee it may be recalled by the writer by telegraph through the mailing office.

The regulations of the postoffice department require, of course, that utmost care shall be taken by the postmaster at the office of mailing to ascertain that the person who desires to withdraw the letter is really the one who is entitled to do so, and the postmaster is responsible for his error if he delivers the letter to an impostor or to an unauthorized person.

The vital principle in our political system lies at the bottom of this matter. In this country the state is the servant or agent of the citizen, not his master. It remains merely his agent throughout the transmission of a letter. The state may prescribe regulations under which its servants may carry a message for the citizen, but it cannot shirk its responsibility to him. —Washington Star.

Witchery of Smiles.

The futility of wasting tears on trifles is one of the hardest lessons the average young married woman has to learn. It is one that must be learned, however. Soon or late it is borne in on every bride that the tyranny of tears is nothing like as effective as the witchery of smiles. Often she does not acquire that knowledge until she has committed the dangerous mistake of letting her husband know she thinks he cares less for her than he did. The woman who betrays that fear is likely to suffer still more by seeing it realized. Men dislike teary women almost as much as the sobby kind. Smiles are irresistible if the husband is even a degree above Bill Sikes, and the wife who employs them is pretty sure to get her way in big and little things.

THE CHARLEROI MAIL

Entered second-class mail at Charleroi, June 15, 1900, according to Act of Congress of March 3, 1879

VOL. IX. NO. 210. CHARLEROI, WASHINGTON CO., PA., FRIDAY, APRIL 16, 1909. One Cent.

MAY 14TH IS THE DATE

Meeting of High School Representatives Held Yesterday.

EVENTS DECIDED UPON

Representatives of three High Schools Charleroi Monessen and Monongahela, met yesterday afternoon in the Charleroi Ninth street building to complete as far as possible arrangements for the annual spring field meet. Monongahela, whom it was thought would draw out on account of some dissatisfaction, will be in the meet this year, and from the present indications it is thought there will be a large crowd. Those present from the different towns were Monessen, Prof Cummings; Monongahela, Profs Gaut and Maxwell; and Charleroi Prof. Simth and Huston.

The date was set for Friday May 14, as it is thought that the merchants can better attend on this date. The place will be Cook's track, near Belle Vernon, as arranged for by Prof. Smith of Charleroi. The time of starting the events will be 1 o'clock. A referee will be secured from the University of Pittsburg and the other officials from nearby towns. It is planned to make the meet this year surpass that of last year by far.

The events were decided upon as follows: 100 yard dash, 220 yard dash, one half mile relay, 120 yard hurdle, standing broad jump, running broad jump, high jump, pole vault, shot put, 440 yard run.

The number of contestants in any one event will be limited to four. The prizes this year will doubtless be offered by the merchants of the different towns. The stores and business houses will be canvassed in the meantime to get a list. As already planned there will be a first, second third and fourth prize offered.

The Charleroi boys are minus many of their best track men this year but nevertheless expect to make a good showing. They are training faithfully, and by the time of the meet hope to have their team in good shape.

THE LILIPUTIANS CANTATA

Will be Presented by Local Schools at School Hall on Two Nights.

The unique and novel entertainment of the season, by our children will be given in Shool Hall next Thursday and Friday. This presentation bids fair to be one of the best ever given of this cantata. The natural aptitude of our youngsters is clearly shown, and those who do not see them will have much to regret. Remember, the proceeds go to the children's picnic on May 26. The children are selling tickets. Reserved seats 35 cents. Admisison, with no seat reserved 25 cents. Matinee, Thursday at 2 p. m., 10 cents.

The trainer has not arrived yet but will be here on Monday with all costumes, scenery, etc. Everybody get ready to boost the Liliputians.

Pistol Duel With Burglar.

Night Policeman Lyons of McDonald discovered a burglar breaking into a shoe store in that town last night, and opened fire on him. The burglar returned the fire, and a pistol duel was fought in the darkness. None of the shots took effect and the burglar escaped.

TO GIVE SIXTY DAYS NOTICE

1906 Taxes Must be Paid In Limited Time by Delinquents.

COUNCIL AND BOARD MEET

The council and school board at their joint meeting last night went on back 1906 taxes within 60 days. The two bodies have been going over the list of exonerations prepared by the tax collector, and there are a number of persons who have not paid for 1906 and it is these that the borough and the school board desire to get. It is likely that if persons who receive notice do not pay in the given time the claims will be collected by law.

The clerk was notified to get in touch with the Underwritters Association to learn the cause of the delay in transmitting the insurance rates and recommend actions for changes in Charleroi in order to get the penalty reduced, so that the compromise can be fixed up with the Water company.

The council and school board went through the remainder of the 1906 lists and part of the 1907 lists last night.

MONONGAHELA MAN INJURED

Caught and Crushed Between Engine Tender and Heavy Car.

Grant Harlow a well known man of Monongahela was seriously injured last evening at about 7:30 o'clock at Howard Station near Homestead. Harlow is a flagman on a Conway train and at Howard station and had occasion to make a coupling of cars with the engine. He was completing the work, when another train backed up and striking the first section, jammed it together.

Harlow, who was between the cars and the engine, was crushed between them. He was rescued from his dangerous position, and a physician called. He was found to have four ribs broken and was badly crushed about the abdomen. He was taken to his home in Monongahela on the 8:44 train. It is thought he is internally injured, but the probable results cannot be learned.

Throws Open New Home

The Young Women's Christian Association of Washington opened their new home yesterday. The 10 room house is equipped with a kitchen, dining room, reading room and bed rooms. A lunch room for women is also maintained. The association, which was but recently organized, has 740 members.

Was Not Interested.

Frederick Dickey, one of the tenants in the D. R. Duvall building wishes the Mail to state that he is not concerned in the injunction proceedings brought against H. H. Hill by D. R. Duvall, as stated in the Washington papers yesterday and copied in this paper.

Dogs are Live Stock.

At a recent meeting of the Waynesburg council an ordinance was introduced repealing the dog tax in the borough. It is proposed to treat dogs as live stock and require the owners to keep them at home.

MONESSEN MAN FOUND DEAD UNDER TREE AT NORTHERN PART OF TOWN

How He Came to His Death is a Mystery and Coroner Will Investigate---No Marks of Violence.

Ernest Avon, a well known Frenchman of Monessen, was this morning found dead under a tree at the lower end the town, not many feet from his home with a blood-stained handkerchief over his nostrils. The ghastly find was made by a street car motorman at about 6 o'clock. The man was 55 years of age. The coroner has been notified and will investigate the case. It is hardly thought that he came to his death from foul play however, as $16 in money and his watch were found on his person and there were no marks of violence or bruises on the body.

Living alone, the man's absence was not noticed, and no one knew of his death until this morning. Avon left the house of John Rosa, with whom he had been visiting, at 8:30 o'clock, on his way home last night, and seemed at the time to be in his usual health. The physicians who autopsy has been held, do not seem to known the cause of death. It is stated that last Sunday the man was seen bleeding at the mouth.

Avon was one of the best known Frenchmen in the town. He owned considerable property and had no family.

COURT HANDS DOWN DECISION

Suit of Mellon National Bank vs. Peoples Bank Disposed Of.

An opinion, written by Judge Taylor, was handed down yesterday in the suit of the Mellon National Bank, of Pittsburg against the People's Bank of California in which the court overrules the motion of the defendant bank for judgment notwithstanding the verdict of the jury, and directs judgment to be entered in favor of the plaintiff upon the verdict of the jury.

The action is on a stated account to recover a balance of $6,295.91. It involves three cashiers' checks issued by O. F. Piper and payable to M. L. Burd, being the name W. F. Lenhart frequently used in conducting business with the Peoples bank. The three checks were cashed at the Monongahela National bank, and sent through the Mellon National to the Peoples bank for collection.

It is likely that this case will be appealed.

REFUSE WAGE INCREASE

Pittsburg Railways Company Officials Ignore Union's Demand.

In a letter sent out to the men at Pittsburg, the Pittsburg Railways company refuses to comply with the demand for a wage increase of three and a half cents an hour and state that, through certain interviews given by former Mayor Guthrie, the employees have been misled to believe the company was making big money, while on the contrary its losses during the past two years have been heavy.

This statement was issued following a conference between President J. D. Callery and General Superintendent P. N. Jones, of the railways company, and a committee representing Division 8 of the Local Street Car Men's Union.

Already undercurrent rumors of strikes are heard and it is possible that the absolute refusal of the company to comply with any of the demands of the union may result in serious complications.

APPEAL FROM PAYING COSTS

Clerk of Quarter Sessions Court Will Take Testimony in Case.

In the case of the commonwealth vs, H. B. Jones, appeal from taxation of costs, the case was yesterday referred back to the clerk of the quarter sessions court to summon the parties before him and take testimony and tax the costs according to law, and from which taxation either party or both may then appeal to the court.

Jones lives in Bentleyville and was indicted for selling liquor illegally at the Sandy Plains fair. John Fowler, of Fredericktown, served the papers in the case and the total amount of costs taxed up is $49.54.

Will Give a Dance.

The Hebrew Ladies Society of the valley are planning for a dance to be given in the Bank of Charleroi hall next Wednesday evening. The committee is composed of Mrs. Joseph Lichter of Charleroi, Mrs. Sambert of Fayette City, and Mrs. Abrams of Roscoe.

MOST VALUABLE MARATHON PRIZE

Douglas College Offers Scholarship as an Extra Incentive.

One of the most notable prizes donated to the Marathon committee for the big race to be held here Thursday April 29, is a scholarship by the Douglas College of Charleroi. This is for a complete course in the commercial and shorthand departments and is valued at $65. It is the most valuable prize offered and is well worth contesting for, were there no other incentives. The scholarship is transferable.

This well known educational institution which has had a most successful career, will end the present school year in June. The total enrollment during the year exceeded 150, and a large class, probably between 25 and 30, will graduate this year. In addition to the day courses in the commercial and shorthand departments the college has maintained a most successful night school. For the past two years the borough school board, by special arrangement, has sent the students who desired to take a business course instead of the high school course to the Douglas College.

Prof. M. Adams is in charge of the school, and he has an efficient faculty composed of Prof. R. A. Smith, Miss Zella Franks and Miss Alice Neil.

LOSING SIDE ENTERTAINS

Athene Club Has Good Time as Result of Attendance Contest.

Miss Ethel Brown is entertaining the Athene Club at her home at Belle Vernon this afternoon as a result of an attendance contest instituted at the beginning of the club year last fall. The members were divided into two divisions one under the leadership of Mrs. J. Clive Enos, and the other side under the leadership of Miss Ethel Brown. More members in the latter's division were absent during the year, and the losing division is entertaining the club as a result.

LAKE SHIPMENTS BEGIN

Coal Shipments From Here Docked, Awaiting Opening of Navigation.

Although the lake trade has not yet opened, the Charleroi Coal works has been shipping coal for this traffic during the past three weeks. The company has one customer who ships to points at short distances on the lakes, and by an arrangement with the railroads at the docks a large quantity of coal is shipped for some time previous to the opening of navigation. The mine at the Charleroi Coal Works is running steadily, and the indications are good for a steady run all summer.

FOR MARIANNA RELIEF FUND

Citizens Committee of Philadelphia Sends Check for $1,000.

The Marianna Mine Relief committee of Washington yesterday received a contribution of $1,000 from the Citizens Permanent Relief committee of Philadelphia. This brings the total sum received for the relief of the Marianna sufferers up to $29,693.22.

MOTION IS OVERRULED

In Bank Suit Over Check, Motion for Judgment is Quashed.

FROM LACK OF DEFENSE

In the opinion handed down by the court yesterday, written by Judge [illegible] for judgement for want of a sufficient affidavit of defense in the suit of the Morongahela National Bank of Brownsville, against the First National Bank of California.

The decision of the court allows the affidavit of defense to stand and the case will be tried [illegible] before a jury. The case was argued last week.

The action is to recover $5,000 paid out by the plaintiff bank to W. L. Lenhart upon a cashier's check issued by O. F. Piper of the Peoples bank of California. The Peoples bank in payment of the check gave a draft for the amount, but about the same time the defalcations of Piper were discovered and the First National bank was asked to surrender the draft, which it did. The plaintiff bank claims that the First National was acting as their agent and had no right to accept anything but cash, or to surrender any payment that was made.

ORDER OF MOOSE TO BE INSTITUTED

Deputy Organizer E. J. Perry Will Have Charge of Ceremonies.

Tonight at Turner Hall a Charleroi Lodge of the Loyal Order of the Moose will be organized. There are 350 applicants and it is thought that the lodge will soon become one of the strongest organizations in town. State Deputy Organizer W. J. Perry has been here for weeks getting things shaped for the organization.

Last night at Fayette City a lodge of the Moose was instituted, with 120 charter members. A lodge will be instituted at Leechburg on Saturday which will be under the charge of Mr. Perry also.

The Moose order is one that is growing by leaps and bounds, and rapidly springing into prominence, although it is but a new lodge for the United States.

Met With Slight Accident.

Joseph Haube, the florist, is carrying his arm in a sling as the result of a fall from a step-ladder while decorating the Bank of Charleroi Hall for the dance of the Keystone club Wednesday night. Mr Haube sustained a bad sprain which will cripple him for sometime.

Visits Pittsburg Schools.

Miss Harriet Jolliffe left this morning for Pittsburg where she will spend the day visiting the schools. Miss Jolliffe will remain over Sunday for a visit with her sister, Mrs. Conard.

May Give a Chorus.

Miss Ida Mae Heatley of Pittsburg is getting up a class of vocal students in Charleroi. It is likely that she will give a chorus either during the summer or sometime next fall.

ASK FOR CHARTER

Street Railway Line to be Built From Finleyville to Bentleyville.

IS OVER A GOOD ROUTE

A charter will be asked for a 14 mile trolley line, projected from Finleyville to Bentleyville by the Finleyville Southern Street Railway company. The promoters are A. H. Anderson, Sid C. Wilson, F. M. Hayden, T. M. Hayden, J. E. Hayden and H. B. Hayden. The route is practically that of the old Pittsburg Southern Railroad which was graded in part and even used.

Rights of way have been obtained through most of the territory. The road would bring Bentleyville ten miles nearer Pittsburg and give Washington trolley connection with that section of the county.

Bentleyville promises to become a center of trolley lines. It is stated charters have been taken out for roads to that place from Monongahela, Donora and Charleroi. These lines will probably be built within a comparatively short time. One of the Monongahela companies proposes to build a road by way of Bentleyville to Washington.

Three Good Reasons For Having a Check Account

First: It is the safest way to take care of your money—no danger of losing it or of being robbed, and there is not so much temptation to spend it.

Second: Paying by check saves many steps in the course of a year.

Third. A cancelled check is an indisputable receipt. Avail yourself of these advantages by opening an account with the First National Bank, subject to your check.

The Human Element.

A notable gathering of coal and coke people is being held at Scottdale this week. It is composed of representatives of all the coal and coke interests owned and controlled by the United States Steel Corporation. These allied interests represented have a total of 120 mines with an aggregate capacity of 35,000,000 tons of coal per annum. They also own and control 27,000 coke ovens and 950 by-products ovens, and produce 45 per cent of all coke in the United States.

The gathering includes the superintendents, engineers, mine formen, fire bosses, master mechanics, rib bosses and other officials covering the mining and mechanical departments of the various companies at all their mines and plants. The object of the meeting is to listen to the reports of several of the officials who have spent a couple of months in the European coal fields to investigate the conditions of mining and manufacture there.

While the Frick coal and coke company has always led in the adoption of safety appliances, one of the principal objects of this investigation in the European coal fields is the conservation of human life. The appalling disasters which have occurred recently have stimulated all of the big operators to make a special study of safe-guarding the mines more effectually. In Europe they do many things better than we do in this country, and old country miners claim that more and better precautions for safety are observed there. The big operators are finding out that disasters are too expensive, not considering the human element, and it is to the credit of the most of them that the latter feature is the dominant one in changing mining conditions.

An Appropriate Prize.

One of the most appropriate prizes offered to the contestants of the big Marathon race to be held here April 29, is the scholarship in the Douglas College of Charleroi. Nothing is in better keeping with the spirit of the contest, which is held solely as a stimulus for clean and healthy athletics, such as are promoted in our schools and colleges. No cash prizes are offered, and outside of a nominal trophy the winner has nothing but honor for his merit.

The free scholarship, however, offers a double incentive. To derive the benefits from it the winner must put forth as much mental effort as he did physically to win. The chances are that he will do this. The contestant who is not actuated by sordid motives is made of the right stuff, and the one who wins the scholarship will no doubt put it to good account.

Electric Sparks.

They can call it the Monessen Hospital if they want to, but all the same it is in North Charleroi, and Charleroi has an undisputed interest in it.

If Congress decides that Ex-Presidents after their term of office will be given the office of Senator or Representative for life with full pay, there will be danger of an over rush of aspirants for office.

Now that Bryan has traveled much over the country lecturing, wonder if there are many more who will vote for him when he runs for President again, of course presuming from knowledge of the man that he will be "willing" to take the risk.

Baseball is on in the National and American Leagues, but then that is nothing of course compared to the opening of the Pa. W. Va. League and the first game with Uniontown. By the way, wonder who we play first anyhow?

Lets see, what other President before Roosevelt was it that actually made enemies?

Can a man in a high position answer questions? With one exception: that is when you do not belong to the Standard Oil company.

With the multiplicity of prizes offered for the winners of the Charleroi Marathon, there ought to be one for each runner from the speediest down to the one who couldn't "beat it if the cops were chasing him."

WORTHY OF CONFIDENCE

An Offer Backed Up by One of the Most Reputable Concerns in Rochester.

We will either cure you of constipation or pay for all the medicine used during the trial. You pay us nothing if we fail. That's a mighty broad statement, and we mean every word of it. We will back it up with our own personal reputation, too. Could anything be more fair and secure for you?

The most scientific common sense treatment is Rexall Orderlies. Their active principle is a very recent scientific discovery that is odorless, colorless and tasteless; very pronounced, gentle and pleasant in its action, and particularly agreeable in every way. This ingredient does not cause any diarrhoea, nausea, flatulence or griping. Rexall Orderlies are as pleasant to take as candy and are particularly good for children and delicate persons.

If you suffer from chronic or habitual constipation, or the associate or dependent chronic ailments, we urge you to try Rexall Orderlies at our risk. Remember, you can only get them at our store. Two sizes, 10c. and 25c. John W. Carroll, Charleroi, Pa.

PORTLAND, MAINE, CHILD

Ill, Weak and Emaciated, Restored to Health by Vinol

"Our little daughter, six years of age, after a severe attack of the measles, which developed into pneumonia, was left pitifully thin, weak and emaciated. She had no appetite, and her stomach was so weak it could not retain food. She lay in this condition for weeks, and nothing the doctor prescribed did a bit of good, and we were beginning to think she would never recover.

"At this time we commenced to give her Vinol, and the effect was marvelous. The doctor was amazed at her progress, and when we told him we were giving her Vinol, he replied, 'It is a fine remedy, keep it up.' We did so, and she recovered her health and strength months before the doctor thought she could." J. W. Flagg, Portland, Me.

Vinol cures conditions like this because in a natural manner it increases the appetite, tones up the digestive organs, makes rich, red blood, and strengthens every organ in the body.

Before You Buy A Spring Suit

Come see the remarkable values we are offering as a Spring Opening Special in

Spring Suits at $20

To duplicate any of these suits at a good custom tailor's you would have to pay at least $35 and to get their equal elsewhere, in tailoring, fabric and ready-to-wear, they would cost you $25. That's what we should charge, but as an introductory Spring offering we say only $20 for your choice of any suit in this special collection of new $25 Spring Sack Suits.

The styles are "classy" one, two and three button models of conservative and extreme fashions in fine worsteds, cassimeres and tweeds in green, blue, smoke, tan, bronze, in solid colors and bright patterns in stripes of white, blue, red, green, etc.

Don't fail to see these smart suits.

HOME CURE FOR ECZEMA

Oil of Wintergreen, Thymol, Glycerine, Etc., Used as a Simple Wash

It really seems strange that so many people suffer year in and year out with eczema, when it is now no longer a secret that oil of wintergreen mixed with thymol, glycerine, etc., makes a wash that is bound to cure.

Old, obstinate cases, it is true, cannot be cured in a few days, but there is absolutely no sufferer from eczema who ever used this simple wash and did not find **immediately** that wonderfully soothing, calm, cool sensation that comes when the itch is taken away. Instantly upon applying a few drops of the wash the remedy takes effect, the itch is allayed. There is no need of experiment—the patient knows at once.

Instead of trying to compound the oil of wintergreen, thymol, glycerine, etc., in the right proportions ourselves we are using a prescription which is universally found the most effective. It is known as the D. D. D. Prescription, or Oil of Wintergreen Compound. It is made by the D. D. D. Co. of Chicago, and our long experience with this remedy has given us great confidence in its merits.

Owned by the Sender Until Delivered to the Addressee.

Many persons are under the impression that a letter once mailed is no longer the property of the sender, but belongs to the person to whom it is addressed. This is an error. Under the postal regulations of the United States and the rulings of the highest courts in the land, a letter does not belong to the addressee until it is delivered to him.

The writer has a right to reclaim and regain possession of it provided he can prove to the satisfaction of the postmaster at the office from which it was sent that he was the writer of it.

Even after the letter has arrived at the office which is its destination and before it has been delivered to the addressee it may be recalled by the writer by telegraph through the mailing office.

The regulations of the postoffice department require, of course, that utmost care shall be taken by the postmaster at the office of mailing to ascertain that the person who desires to withdraw the letter is really the one who is entitled to do so, and the postmaster is responsible for his error if he delivers the letter to an impostor or to an unauthorized person.

The vital principle in our political system lies at the bottom of this matter. In this country the state is the servant or agent of the citizen, not his master. It remains merely his agent throughout the transmission of a letter. The state may prescribe regulations under which its servants may carry a message for the citizen, but it cannot shirk its responsibility to him. —Washington Star.

Witchery of Smiles.

The futility of wasting tears on the files is one of the hardest lessons the average young married woman has to learn. It is one that must be learned, however. Soon or late it is borne in on every bride that the tyranny of tears is nothing like as effective as the witchery of smiles. Often she does not acquire that knowledge until she has committed the dangerous mistake of letting her husband know she thinks he cares less for her than he did. The woman who betrays that fear is likely to suffer still more by seeing it realized. Men dislike teary women almost as much as the sobby kind. Smiles are irresistible if the husband is even a degree above Bill Sikes, and the wife who employs them is pretty sure to get her way in big and little things.
